

Lisa Pitman | Personal Profile

Director

Profile

Lisa joined TNG in 2003 after providing CAD Technician services on various projects since the formation of the Company in 1999.

In 2008, Lisa was invited to join the Board of Directors and was given the responsibility for the management of the HR operations. Subsequently, Lisa has also been made responsible for the Company Brand and its associated marketing activities. More recently she has been entrusted with the Environmental performance of the Business and safeguarding the Health and Safety of the Employees.

Lisa is an avid campaigner for learning and development and will always seek continuous improvement in everything she achieves. She will always grasp any new challenge with enthusiasm and commitment and will see all tasks through to completion.

Qualifications

Ba (Hons) Business (First Class)

NEBOSH National General Certificate in Occupational Health and Safety

More about Lisa

One day I would like to... **learn photography and be able to take really good photographs.**

If I could have any superpower it would be... **to pause time so I can enjoy the here and now, and rewind time so I can re-live my children being little.**

If I won the lottery I would... **buy a small property in Tuscany and share the rest with my family and friends.**
