

Mark Andrews | Personal Profile

Mechanical Team Leader / Associate Director / Mechanical Design Engineer

Profile

Mark has over 30 years' experience within Building Services and is the Team Leader of the Mechanical Engineering department. He has tendered, secured and managed many prestigious projects both predesigned and Design & Build.

Mark's overall responsibility is for the design and supervision of Mechanical installations from initial Brief Stage through to Final Account Stage and Practical Completion.

He is a thorough and diligent Engineer with traditional values and work ethic. He shares these valuable characteristics with his team and attention to detail and excellent customer service are always at the top of his agenda.

Mark is also conscientious about legislative, ethical and social expectations. He is an advocate for following guidelines and rules, and doing the right thing. His excellent leadership skills are applied in the office, and can be applied within project teams to ensure all project deliverables are met.

Qualifications

BEng (Hons) Energy Engineering from London South Bank University

More about Mark

An interesting fact about me is... **I am a National Observer with IAM RoadSmart. I assist other drivers to achieve a safer standard of driving.**

At the weekends you will find me... **Driving or cleaning my own car.**

If I won the lottery I would... **Buy an Audi R8, V10.**
