

Ralph Boden | Personal Profile

Director / Electrical Engineer

Profile

Being one of the founders of the original partnership that was formed in May 1999, Ralph has more than 25 years Engineering Consultancy experience. Ralph's expertise includes working within 'live' environments and estate support such as LV Distribution/Site Surveys, Site Record Drawing production and Infrastructure Studies.

Ralph is the Finance Director at TNG and therefore maintains a close eye on the fiscal aspects of any scheme, ensuring budgets and time scales are always met.

One of Ralph's greatest assets is the high standards he sets himself in all aspects of his work, and he is an excellent role model for others in the team. He is a detail person; Ralph will ensure nothing is left for interpretation and that his designs and associated documents are explicit and complete.

He is a friendly and accommodating member of our team, who loves his work and who always makes sure he is available to talk through any issues or listen to the requirements of any member of the team.

Qualifications

BEng (Hons) (First Class) from London South Bank University

Memberships

ACIBSE, MIET

More about Ralph

One day I would like to...

Visit space.

At the weekend you will find me...

Training/coaching my sons under 7s football team.

If I won the lottery I would...

Visit all major sporting events around the world.

An interesting fact about me is...

I have no belly button!
